GOVERNMENT SCIENCE COLLEGE-GANDHINAGAR

Fiishing School Report

Prepared by

Dr. Yogita Parmar

2020-21

SUPPORTED BY KNOWLEDGE CONSORTIUM OF GUJARAT, DEPARTMENT OF
EDUCATION, GOVERNMENT OF GUJARAT, GUJARAT, INDIA

Finishing School – History and Overview

Finishing School -- The student employability enhancement drive aims at empowering students with various skill sets in addition to knowledge that make them industry ready. Finishing School trainers enable students to hone their life skills, employability skills, functional and spoken English skills so as to carve a niche in the competitive and dynamic world. Government Science College is one of the premier institutes located in lush green garden city of Gandhinagar established since 1970. It is not only offering various undergraduate science courses, but actively implementing initiatives taken by Department of Education Government of Gujarat. Finishing School is one such initiative. In synchrony with the vision of India's education policy, Government of Gujarat launched Finishing School initiative in 2016-17 in 40 Government colleges through Knowledge Consortium of Gujarat (KCG) for enhancing employability of youth graduating in higher and technical institutes. It spread to 80 Government Colleges in 2017-18. In 2018-19, 253 colleges received grant from KCG to start finishing school programme. Government Science College, Gandhinagar is one of such college.

Vision –

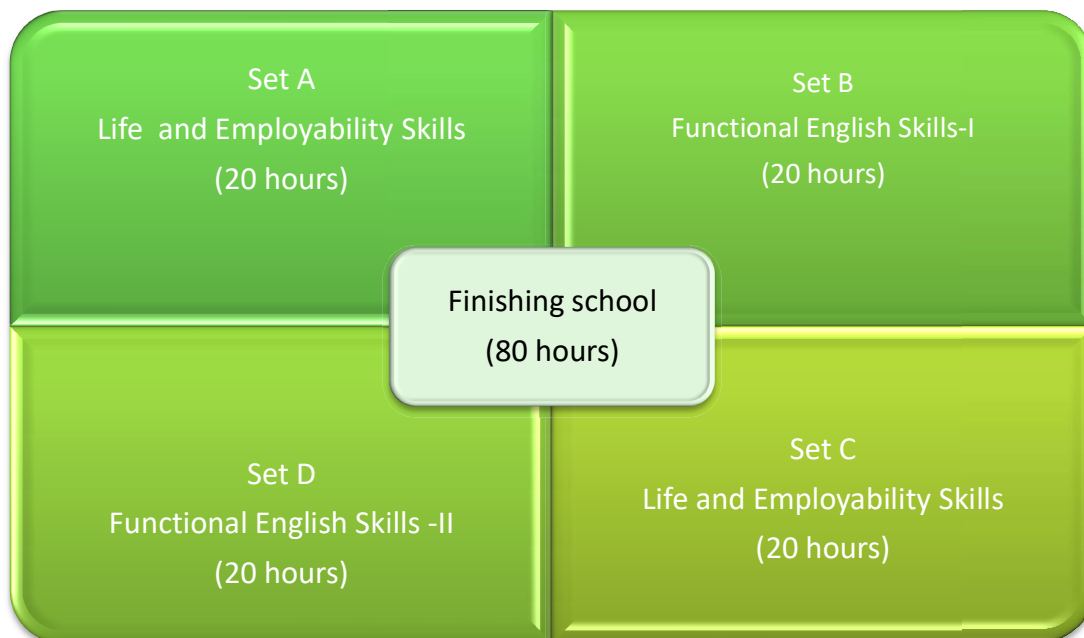

To prepare graduating students of Gujarat for better employability, industry readiness and a prosperous career through appropriate training interventions. The vision goes a step further beyond Gujarat to spread this progressive initiative of Finishing School throughout India.

Mission –

The Finishing School initiative aims at creating a nation with skilled youth where no graduate remain unemployed. The mission of Finishing School initiative is to train the young minds such that they emerge as sound professionals in their respective areas of study and to prepare them for multi-disciplinary domains by enhancing their employability and over all skills.

Finishing School Design

Quality manpower feeds and nourishes industries and augments the economy's growth. Therefore, there is need to create a pool of skilled manpower, who can be directly absorbed by the industry. To fulfil this objective training is imparted to the students in following four components. Each component covers various different topics which helps the students in their overall development. Total 122 trainers have been appointed by KCG among which 80 trainers are for Life and Employability Skills and 37 are for Functional English Skills.
