Program-1 Celebration of World Bicycle Day
(03/06/2022)

On the occasion of World Bicycle Day on 03/06/2022, NSS participated in the 'Amrit Mohotsav of Azadi' event at Mahatma Mandir. Additionally, NSS, along with 20 volunteers and Program Officer Umesh Tarpada, took part in a cycle rally organized by Nehru Yuva Kendra Gandhinagar Unit and Government Science College, Gandhinagar. The rally, from Mahatma Mandir to Pathika Ashram in Gandhinagar, saw the presence of Home Minister Mr. Harsh Sanghvi, N.Y.K. and NSS Regional Director, N.Y.K. Coordinator Pankajbhai Marecha, Deepakbhai Patel, and others. Approximately 200 participants, including Home Guard personnel, took part in the event.

Program – 4 Plastic free campaign
(dated 28/07/2022)

On 28/07/2022, as part of the plastic-free campaign, a rally was organized jointly by the NSS Unit and Eco Club of Government Science College, Gandhinagar, at Pathika Ashram (ST Bus Stand, Gandhinagar). The rally covered the bus stand area and aimed to raise awareness about reducing plastic usage. During the rally, 5 sacks of plastic waste were collected from the bus depot. The program was initiated by Dr. M.G. Bhatt, the principal of the college. Dr. Pragya Prajapati, Chairman of the Eco Club, and NSS Program Officer Dr. Umesh Tarpada played key roles in organizing the event. Also present were Head of the Botany Department S. K. Patel, along with Dr. MM Patel, Dr. R. N. My, Dr. Beanie Karliker, Dr. B. K. Trivedi, and other NSS volunteers. A total of 40 students from the Eco Club actively participated in the program.

નંબર : ૧૯૬૨

Makar Sankranti is a traditional Hindu festival celebrated in most parts of India and Nepal in a myriad of cultural forms. In some parts of India it is observed with great fanfare over a period of 3-4 days. It is celebrated with distinct names and rituals in different parts of the country. For example, in the state of Gujarat it is known as Uttarayan. The kite festival of Uttarayan (Makar Sankranti) is regarded as one of the biggest festivals celebrated in western part of India.

Kite flying during Uttarayan is now celebrated as a regional event in Gujarat. It is declared as a public holiday for 2 days. People often have competitions (also known as kite fighting) during which competitors will entangle the thread used while flying kites in the sky and try to cut the string off of each other's kites by pulling it.

An abrasive thread (Manja) is used while flying kites to ensure cutting the competitors string during a kite fight. Manja is made by coating regular string in glass powder and gum. This practice of using an abrasive thread for kite fighting has posed a great threat to species including birds, fruit-bats, monkeys and even humans. The impact on birds however is much larger. Birds when in flight, fail to notice the fine glass-coated thread and get entangled in the Manja because of which they either get injured or killed.

There has been no systematic study to quantify the impact of bird kills due to kite flying. However, a rough estimate would suggest over 10,000 avian emergencies get attended during the month of January every year. The number of birds which get injured is much higher in urban areas due to higher density of kite flying. Often kites after its line is cut off by an

opponent, drifts and gets stuck in trees. The birds get entangled in these strings and get injured due to strangulation or in an attempt to set free. This is one of the biggest reasons why rescue calls of birds continue even after the festival is over.

These days cheaper and more durable “Chinese manjha” is available in the market which is made of nylon and is non-biodegradable. This thread unlike cotton manjha does not lose its strength even after getting wet and hence stays for a long time creating potential threat for the birds.

In order to address this, a workshop on handling avian emergencies during the kite flying festival was held in Gandhinagar

A meeting was held by the forest department along with the animal husbandry department and all the local organizations and volunteers from all over Gandhinagr district to discuss about the way rescues were to be conducted. First aid kits were distributed to all the volunteers after the meeting. Our NSS Unit also contributes in this programme and joined with 6 students are voluntary joined for rescue training .
